## Profile

Results-oriented Marketing student with 3 years of experience in sales at Inditex, where I developed strong skills in communication, sales, teamwork and working in deadline driven environments. Through daily interactions with customers and colleagues, I gained practical experience in supporting sales objectives, achieving monthly sales targets, presenting new products to customers and building positive customer relationships throughout my time at Inditex.

Having completed all my exams and currently finalizing my Bachelor's thesis in Marketing, I am now confidently looking to gain further practical experience in Sales & Marketing and apply the knowledge I have gained through my studies together with my 3 years of sales experience. I am eager to learn, take on new responsibilities and further develop my professional skills within a dynamic team.
